INTERESTS & ACTIVITIES

Enjoy reading books on self-improvement and programming (e.g., "Clean Code," "Programming =++Algorithms") to refine my technical and problem-solving skills. Passionate about fitness and staying active through gym workouts and cycling, which help me build discipline and resilience. I also explore marketing strategies and business management, aligning them with my technical expertise to approach projects with a broader perspective.

SOFT SKILLS

- Collaboration and Teamwork
- Problem-Solving
- Attention to Detail
- Adaptability
- Continuous Learning

TECHNICAL SKILLS

- **Frontend Development**: JavaScript, React.js, Redux, HTML5, CSS3
- **Backend Development**: Node.js, Express.js, MongoDB, REST API
- **Proficiencies**: OOP, SOLID, Data Structures, Algorithms, State Management
- **Tools & Platforms**: Git, GitHub

EDUCATION

- **Professional High School "Gen. Vladimir Zaimov"**
  - Specialization: *System Programming* | Graduated: **2020**
- **Software University (SoftUni), Bulgaria**
  - At **"SoftUni,"** I studied **JavaScript** with a focus on **React, Express, MongoDB, REST API, HTML & CSS.**
  - Key achievement: Built **"GiranGoods,"** a full-stack **MERN** project demonstrating proficiency in web development.
- **Self-Study & Online Learning**
  - Regularly followed **FreeCodeCamp** tutorials, with focus on **JavaScript.**
  - Completed the **Exercism JavaScript track**, enhancing problem-solving skills and deepening my understanding of **JavaScript concepts**.
  - Read books such as "**Clean Code**", "**Programming = ++Algorithms**;", and "**Cracking the Coding Interview**" to improve **coding best practices, algorithms, and problem-solving skills.**

PROJECTS

GiranGoods

- **Description:**
  - "Developed a modern, full-stack *e-Commerce* application using the **MERN** stack. It includes secure **user authentication, product browsing, cart** and **checkout features,** an **admin panel** for managing products and orders, and a **fully responsive design** for all devices."
- **Technologies Used:**
  - *Frontend:* **ReactJS, Redux, Tailwind CSS, Vite**
  - *Backend:* **Express, Node.js, REST API, MongoDB**
- **Skills Learned**
  - Developed proficiency in building full-stack web applications using the **MERN stack (MongoDB, Express, React, Node.js).**
  - Gained experience in building **dynamic user interfaces** with **React,** leveraging **state management** and a **mobile-first approach** using **Tailwind CSS.**
  - Gained experience implementing **CRUD** operations via **RESTful APIs** using **Express** for **managing products, processing orders**, and **enabling admin functionalities.**
  - Enhanced skills in designing and managing dynamic, scalable databases with **MongoDB** for efficient **product, order,** and **user management.**
  - Gained experience in implementing **secure authentication** with **JWT** and integrating **Stripe** for **secure payment processing**.

WORK EXPERIENCE

Employee | Kaufland
July 2022 - April 2023

- **Enhanced collaboration** by improving **team communication** to ensure seamless operations."
- Developed **problem-solving** skills by addressing and resolving customer inquiries and issues.
- Developed **adaptability** by excelling in **dynamic** tasks and schedules.
